SCANDI WYCOMBE

What does the British town of Wycombe and the Scandinavian stick back chair have in common? Simply, the iconically designed Windsor Chair. With its origins in Wycombe, a town just as rich in contemporary furniture craft, with three generations of Frank Hudson design originating there, the Windsor chair was an inspiration to the Scandinavian furniture design icons of the 19th century.

A photograph of a mid-century modern wooden cabinet, likely made of walnut, featuring horizontal slats and a simple design. Two dark, textured vases are placed on top of the cabinet. The background is a light, textured wall. The floor is a dark, polished surface, and a yellow woven rug is visible in the foreground.

MID-CENTURY **MADRID**

Following the current nostalgic trend for mid century style & scandinavian design influences, Madrid has been designed as an updated living /dining range, capturing the spirit of this 20th century movement. The choice of walnut material has been a conscious decision to distance itself from other ranges, that are typically in oak or teak. This choice of material is seen as a nod to the past, but also a quality timber of choice, used by many contemporary Italian furniture manufacturers

LUXE

CLEO & EMPEROR

The use of marble in design has always invoked luxury and opulence, echoing the refined tastes of ancient empires and pursuing the current trend for contemporary marble design, our new dining and occasional collection sings style and taste. The Cleo is a White Volkas marble featuring subtle natural tones in the grain. The Emperor's rich brown marble bears warm caramel, hazel, and mocha tones. Combined with a brushed bronzed metal base with elegant angled profile and cool contemporary style, this is a must for the design conscious consumer.

A close-up, low-angle shot of a dark, possibly black or dark brown, leather armchair. The focus is on the curved backrest and the armrest, showing the texture of the leather and the stitching. In the background, out of focus, is a piece of art with a gold-colored frame and a dark, abstract pattern. The lighting is warm and directional, coming from the right, creating highlights on the leather and the floor.

A modern interior scene featuring a black console table with a lamp, a chair, and decorative objects. The table is a dark, rectangular console with a black metal frame and four legs. On top of the table are two small, dark, abstract ceramic vases, a stack of books, and a modern, adjustable desk lamp with a brass-colored shade. A black metal chair with a light gray upholstered seat and backrest is positioned next to the table. The background is a light-colored wall with a large, abstract painting. A potted plant with green leaves and small dark berries is visible on the left side of the frame. The floor is made of dark wood, and a light gray rug is partially visible in the bottom right corner.
