2022 LOOKBOOK

NEW SEASON. NEW COLLECTION.

In the dawn of a new year I am once again excited to introduce our new collection for **Spring Summer 22**. Since our last launch we have made great strides in further developing our products, services and operations. By enlarging our team with expertise from around the industry, we have significantly increased our product ranges adding over 1300 new models and now include products for the kitchen and bathroom, as well as a huge catalogue for Outdoor Living. Our new collection brings together some exciting new looks for us, experimenting with shapes, materials, colours and new methods of construction.

After the success of our first **Design Project (Sofa In A Box)**, we are proud to announce our second collection, **'PACKED-FLAT'** - design and quality without the price tag!

An eclectic mix of furniture, combining bold colours and shapes to fit all spaces and at a budget. By approaching our collections with a new mindset, we have been able to create a range of furniture like no other we've developed before. Easy to build and easy to place, our **'PACKED-FLAT'** collection is a commercial, modern and design-led solution to flat-packed, self-assembly furniture.

The Melbury Coffee and Side tables offer a choice of colours, from eye-catching tones, which are ideal for adding a pop of colour to room, to softer colours, for those who prefer a more subtle look. The stylish designs feature a tray-style top, which lifts off for added practicality, and a continuation of one section of the base, up and over the tables to create a 'handle' effect. Both the tray top and base are made from metal with a painted finish.

The Holbrook collection (Packed-Flat) of living furniture offers a range of colours from a soft mint green to a deep bold blue. Open areas of the back on many pieces add interest and a feeling of space, ideal for an apartment living vibe. The cabinets combine colour and shape to great effect, with a routed geometric circular pattern on the doors which has a hint of Bauhaus influence. Brass handles are complemented by brass 'socks' on the solid oak legs.

The circular tops are crafted from veneer and sit on the solid wood base, with the ends of elegant round legs showing to echo the shape of the top. On the black and walnut tables, the bases are stained to match the tops.

Our new Holsen (Packed-Flat) collection offers a striking contemporary look, with the slatted design on the cabinet doors adding interest. Crafted using solid oak, for the slats, and oak veneers, the matt black finish beautifully shows the grain of the wood and pairs perfectly with the matt black metal legs. Matt black solid oak handles add the finishing touch on the cabinets.

We are delighted to be bringing you this beautiful range made 100% from recycled plastic bottles. Salvaged from the ocean and from land, we work closely with our weaving partners to bring you on trend designs. PET fabric give you a luxurious feel with the extra benefits of durability.

Simply planet friendly and yet so practical.

The Sharma 4 Door Sideboard is crafted from solid mango wood, with a stained finish to show the grain of the wood but with a slightly charcoal grey tone. The doors feature a geometric relief pattern with a Bauhaus influence, with the unusual shape of the legs adding the finishing design detail. The doors have push-catch opening. Inside the sideboard are two cupboards, each with an adjustable shelf and a cable hole for added practicality.
